

Mixed media

- Mixed media describes artwork in which more than one medium or material has been employed.
- Assemblages, collages, and sculpture are three common examples of art using different media.
- Art can be made of anything or any combination of things.
- Experimentation is key to get the best effects

Joining

- Joining mixed media may require a number of different approaches depending on the materials to be joined e.g. glue, stitching, taping, score and slip.

Background

- The background can be just as important as the foreground, so needs to be carefully considered
- Is a background required?
