

TST Attendance Statement of Intent

All schools within Tenterden Schools Trust have their own attendance policy that reflects their context and age range. All of our schools are committed to meeting our obligations with regard to school attendance through a whole-school culture and ethos that values excellent attendance and punctuality. We see, first hand, the positive impacts that excellent attendance and punctuality have on young people in terms of their social, emotional and academic progress. As a Multi Academy Trust, we believe every pupil should have access to the full-time education to which they are entitled and we will work with our schools and families to actively improve attendance and reduce patterns of absence. Our schools build strong relationships with families to ensure pupils have the support in place to regularly attend school.

Please be aware that recent changes in the law have raised the expectations on attendance and we all need to play our part in ensuring that every effort is taken to maintain excellent attendance and punctuality. Each individual school's attendance policy will detail the roles and responsibilities of all parties with the expectation that we all contribute to improving attendance.

Please also note that holidays (leave of absence) are not to be taken during term time. Any leave of absence needs prior approval by the Headteacher/Principal and will only be granted in exceptional circumstances. TST schools can issue a penalty notice to parents/carers for the unauthorised absence of their child from school.

Many thanks in advance for your cooperation.

Attendance responsibilities and expectations

The following has been taken from DfE Statutory Guidance ‘Summary table of responsibilities for school attendance’ and TST expectations.

All pupils

Parents are expected to:	Schools are expected to:	Academy trustees and governing bodies are expected to:	Local authorities are expected to:
Ensure their child attends every day the school is open except when a statutory reason applies.	Have a clear school attendance policy on the school website which all staff, pupils and parents understand.	Take an active role in attendance improvement, support their school(s) to prioritise attendance, and work together with leaders to set whole school cultures.	Have a strategic approach to improving attendance for the whole area and make it a key focus of all frontline council services.
Notify the school as soon as possible when their child has to be unexpectedly absent (e.g. sickness).	Develop and maintain a whole school culture that promotes the benefits of good attendance.	Ensure school leaders fulfil expectations and statutory duties.	Have a School Attendance Support Team that works with all schools in their area to remove area-wide barriers to attendance.
Only request leave of absence in exceptional circumstances and do so in advance.	Accurately complete admission and attendance registers.	Ensure school staff receive training on attendance.	Offer opportunities for all schools in the area to share effective practice.
Book any medical appointments around the school day where possible.	Have a dedicated senior leader with overall responsibility for championing and improving attendance.		Provide each school with a named point of contact in the School Attendance Support Team who can support with queries and advice.
	Regularly monitor data to identify patterns and trends and understand which pupils and pupil cohorts to focus on.		
	Have robust daily processes to follow up absence.		

Pupils at risk of becoming persistently absent

Parents are expected to:	Schools are expected to:	Academy trustees and governing bodies are expected to:	Local authorities are expected to:
Work with the school and local authority to help them understand their child's barriers to attendance.	Proactively use data to identify pupils at risk of persistent absence.	Regularly review attendance data and help school leaders focus support on the pupils who need it.	Hold a regular conversation with every school to identify, discuss and signpost or provide access to services for pupils who are persistently or severely absent or at risk of becoming so.
Proactively engage with the support offered to prevent the need for more formal support.	Work with each identified pupil and their parents to understand and address the reasons for absence, including any in-school barriers to attendance.		Where there are out of school barriers, provide each identified pupil and their family with access to services they need in the first instance.
	If the issue persists, take an active part in the multi-agency effort with the local authority and other partners. If a case meets the local threshold for formal early help/family support, this includes conducting the early help assessment and acting as the lead practitioner where all partners agree that the school is the best placed lead service. Where the lead practitioner is outside of the school, continue to work with the local authority and partners.		If the issue persists, and there are multiple needs consider whether the threshold for early help is met and facilitate access where it is. Regardless, take an active part in the multi-agency effort with the school and other partners. Provide the lead practitioner in cases where threshold is met and all partners agree that a local authority service is best placed to lead. Where the lead practitioner is outside of the local authority, continue to work with the school and partners.
	Where out of school barriers are identified, signpost and support access to any required services in the first instance and act as lead practitioner if attendance is the only issue and/or the local threshold for formal early help is not met.		

Persistently absent pupils

Parents are expected to:	Schools are expected to:	Academy trustees and governing bodies are expected to:	Local authorities are expected to:
Work with the school and local authority to help them understand their child's barriers to attendance.	Continue support as for pupils at risk of becoming persistently absent and:	Regularly review attendance data and help school leaders focus support on the pupils who need it.	Continue support as for pupils at risk of becoming persistently absent and:
Proactively engage with the formal support offered – including any parenting contract or voluntary early help plan to prevent the need for legal intervention.	Where absence becomes persistent, put additional targeted support in place to remove any barriers. Where necessary this includes working with partners.		Work jointly with the school to provide formal support options including attendance contracts and education supervision orders.
	Where there is a lack of engagement, hold more formal conversations with parents and be clear about the potential need for legal intervention in future.		Where there are safeguarding concerns, ensure joint working between the school, children's social care services and other statutory safeguarding partners.
	Where support is not working, being engaged with or appropriate, work with the local authority on legal intervention.		Where support is not working, being engaged with or appropriate, enforce attendance through legal intervention (including prosecution as a last resort).
	Where there are safeguarding concerns, intensify support through a referral to statutory children's social care.		
	Work with other schools in the local area, such as schools previously attended and the schools of any siblings.

Work in partnership with the local authority at a strategic and individual level, sharing data on attendance including, at an individual level, informing the pupil's social worker if there are any unexplained absences and if their name is to be deleted from the register.	Regularly review attendance data and help school leaders focus support on the pupils who need it.	Ensure that all Children's Social Care practitioners understand the importance of good attendance for pupil's educational progress, for their welfare and their wider development – and understand their role in improving it.
Proactively engage with the support offered.	Understand how the welfare, safeguarding, and child protection issues that they are experiencing, or have experienced, can have an impact on attendance – whilst maintaining a culture of high aspiration for the cohort.		Develop whole system approaches, with social care, to support the attendance of children in need.
	Provide additional academic support and make reasonable adjustments to help them, recognising that even when statutory social care intervention has ended, there can be a lasting impact on children's educational outcomes.		<p>Through the work of Virtual School Heads, they should:</p> <ul style="list-style-type: none"> ● Undertake systemic monitoring and data sharing of the attendance of children with a social worker in their area: developing and implementing targeted cohort level interventions to improve attendance. ● Provide advice, challenge and training to schools on how to promote and secure good attendance for children with a social worker.
